Davenport Group Named One of 2018 Tech Elite Solution Providers by CRN®

Tech Elite 250 list recognizes IT solution providers with deep technical expertise and premier certifications

St. Paul, MN, March 30, 2018 – Davenport Group announced today that [CRN®](#), a brand of [The Channel Company](#), has named **Davenport Group** to its 2018 Tech Elite 250 list. This annual list honors an exclusive group of North American IT solution providers that have earned the highest number of advanced technical certifications from leading technology suppliers, scaled to their company size.

To compile the annual list, The Channel Company's research group and CRN editors work together to identify the most customer-beneficial technical certifications in the North American IT channel. Companies who have obtained these elite designations— which enable solution providers to deliver premium products, services and customer support—are then selected from a pool of online applicants.

Davenport Group is a Dell EMC Titanium Partner that is dedicated to maintaining the highest levels of certification and training on Dell EMC products and services. Davenport Group engineers all hold a wide range of advanced certifications. Their engineers stay one step ahead of the evolving IT marketplace by constantly updating and adding to those certifications.

“Being named to CRN's Tech Elite 250 list is no small feat,” said Bob Skelley, CEO of The Channel Company. “These companies have distinguished themselves with multiple, top-level IT certifications, specializations and partner program designations from the industry's most prestigious technology providers. Their pursuit of deep expertise and broader skill sets in a wide range of technologies and IT practices demonstrates an impressive commitment to elevating their businesses—and to providing the best possible customer experience.”

“We at Davenport Group are truly honored to be recognized by CRN,” said Sonia St. Charles, CEO of Davenport Group. “We have always worked to go above and beyond in our trainings and certifications. We want to bring the best solutions and services to our customers, and our extensive technical knowledge of the Dell EMC product portfolio guarantees that we do just that.”

Coverage of the Tech Elite 250 will be featured in the April issue of CRN, and online at www.crn.com/techelite250.

About Davenport Group

Davenport Group designs and implements IT solutions that help organizations proactively manage their data — today and into the future.
