Davenport Group Named CRN® Triple Crown Award Winner

Fifth Annual Award Program Recognizes Standout Solution Providers

St. Paul, MN, October 8, 2018 – Davenport Group announced today that [CRN®](#), a brand of [The Channel Company](#), has recognized Davenport Group for earning its 2018 [Triple Crown Award](#). This year 46 solution providers in North America reached the qualifying revenue, growth, and technical expertise to be named on three of CRN's prestigious solution provider lists, earning them the Triple Crown Award this year.

Each year CRN announces lists and rankings to distinguish solution providers who are outshining their peers in the IT channel. It is a great accomplishment for a solution provider to make any one of these lists; so being named in three, as this year's Triple Crown winners have been, deserves special acknowledgement. This year's CRN Triple Crown Award winners rank among the largest IT solution providers by revenue in North America on the [Solution Provider 500](#) list; are among the fastest growing organizations in the channel today on the [Fast Growth 150](#) list; and have made the [Tech Elite 250](#) list by receiving the highest level certifications from leading vendors.

Davenport Group is an end-to-end IT solution and services provider for mid-market commercial customers and government agencies nationwide. They specialize in datacenter modernization, virtualization, storage, data protection, hyper-converged and client computing. They design and implement solutions that are at the heart of today's hypercompetitive market, helping to unlock customer innovation and create new business value. With their industry leading partner Dell Technologies, Davenport Group brings real-world technical experience, business knowhow and an all-in commitment to every engagement. They are an all-in, exclusive Dell EMC Titanium Partner and longstanding VMware Enterprise Partner.

"We are grateful to be recognized by CRN for this achievement, and we are particularly honored by the trust that each of our customers has placed in us over the years," said Sonia St. Charles, CEO of Davenport Group. "We work every day to continue to earn our customers' trust – demonstrating our all-in commitment through our engineering, our certifications, and our services. We know that we can make such a commitment to our customers because of our partnership with Dell Technologies. We've chosen to partner with Dell Technologies year after year because they consistently develop the IT solutions that help our customers create new business opportunities."

"Each Triple Crown award-winner has simultaneously generated high enough revenue to be ranked on the Solution Provider 500 List, achieved double- or triple-digit revenue growth for recognition on the Fast Growth 150, and devoted significant time and effort to top certifications to attain Tech Elite 250 status," said Bob Skelley, CEO of The Channel Company. "Congratulations to each one of these high-achieving companies who continue to raise the bar for success in the IT Channel."

The 2018 Triple Crown Award winners will be featured in the October issue of CRN and can be viewed online at www.crn.com/triplecrown.
